

Hurricane /Natural Disaster Policy for Parents

If the Pinellas County Schools close BEFORE a Hurricane to prepare, Write Start Learning Center will be CLOSED, During the storm, if it falls on a weekday(s), we will be CLOSED. It is highly likely that we will need a day after the storm has passed to clean up and make sure the buildings are safe,

Please be aware that Write Start Must have electrical power to open.

We realize that each hurricane/natural disaster comes with its own unique set of circumstances, and we will do our best to keep you informed. We will post our opening on the Bay News Website www.baynews9.com Under “business openings and closings” located on the home page. Bay News 9 also supplies up to date information about location and severity of the storm.

We will also try to contact you as best we can. If you have question, please contact Write Start at 392-6467 or 392-3123,

We regret that we cannot adjust tuition rates for missed hurricane days, since we still have to pay our staff for the days missed.

This policy holds for any other natural disaster such as tornados, flooding, etc., that may affect Write Start's regular operating hours.

We really appreciate your understanding regarding this policy.
